

DIEBOLD NIXDORF SERIES™ 200H

LOBBY CASH RECYCLER WITH
CHECK OR COIN

Built to Connect.
Built for More.™

With the most functionality in the smallest footprint, the DN Series 200H is where efficiency and innovation meet. Now you can optimize your self-service cash ecosystem and empower deeper connections through a platform that grows with your business, to meet today's needs and tomorrow's vision.

Powered by the world's most innovative, reliable 4th generation Recycling Module (RM4H), the 200H is integrated into our Cash Cycle Management System (CCMS), which enables you to operate your cash cycle as efficiently as possible. Offering options for check deposit or coin dispense, the 200H can help repurpose branch staff by migrating more routine transactions away from the teller line. It's never been quicker or simpler to adapt your self-service channel to offer new features and services.

MORE PERSONALIZED

Engaging, consistent, research-based design coupled with powerful Vynamic Marketing™ enables you to personally connect with consumers at the intersection of physical and digital channels.

MORE INTEGRATED

A common platform supported by leading software and services ensures more seamless integration into your organization's channel ecosystem.

MORE AVAILABLE

DN AllConnectSM Data Engine, an intelligent data-driven service architecture, maximizes the availability of the globally proven 4th generation recycling module.

MORE EFFICIENT

The larger all-in cassette and comprehensive CCMS empowers you to serve more consumers and minimize CIT visits.

MORE FUTURE-READY

Our scalable, modular platform offers the flexibility to meet consumers' demands today, and in the future.

MORE SECURE

Layered security features protect against traditional and emerging physical, data and cyber threats.

OPTIONS

CROSS-PLATFORM MEDIA ENGINES
