

DIEBOLD NIXDORF K-one INTERACTIVE KIOSK

IMPROVE SALES WITH FASTER, MORE DELIGHTFUL CUSTOMER SERVICE

Consumers have a desire for easier, more intuitive access during their in-store experiences. "Today, 56 percent of consumers feel that technology makes their shopping experience better. With 90 percent of transactions still completed in a store, brick-and-mortar retailers must anticipate the influence of digital and online channels by adopting interactive technologies."*

Ensure your store network has an edge on the competition with our K-one, an interactive kiosk designed to quickly, seamlessly assist your consumers throughout their visit. This versatile, tailored solution can be easily adapted to changing business needs and consumer demands, with functionality for order taking, service, further product information, ticket and lottery sales and even self-checkout.

DESIGNED FOR TODAY'S BUSY CONSUMER

With its attractive, intuitive design the K-one attracts consumers and delivers on their expectations.

- **It's appealing:** option to customize it to a wide variety of brand images
- **It's robust:** steel housing with stainless steel frame around the interaction area
- **It's ergonomic:** optimal placement of components and CSA/ADA-compliant
- **It's fast:** multi-touch technology and best-in-class components

ADAPTABLE AND CUSTOMIZABLE

Built for 24/7 operation, the K-one offers flexible configuration options, making it the perfect kiosk for businesses that demand tailored solutions.

- Choose between a standard housing or a housing with a reduced depth.
- Benefit from the option to select between four screen formats.
- Design the interaction area with only the components your consumers need.

A STRATEGIC SOLUTION THAT DELIVERS RESULTS

The K-one meets the demands of your business while delivering the perfect consumer touchpoint:

- Improved business productivity
- Higher availability
- Protected investment
- Reduced total cost of ownership
- High level of consumer service
- Option for up-selling
