

DIEBOLD NIXDORF K-two INTERACTIVE KIOSK

PROVIDING BETTER SERVICE—IMPROVE SALES AND DELIVER MORE CUSTOMER SERVICE WITH K-TWO

DIEBOLD
NIXDORF

Consumers want easier, more intuitive access during their in-store experiences. “Today, 56 percent of consumers feel that technology makes their shopping experience better. With 90 percent of transactions still completed in a store, brick-and-mortar retailers must anticipate the influence of digital and online channels by adopting interactive technologies.”* Ensure your store network has an edge on the competition with our K-two, an interactive kiosk designed to quickly and seamlessly assist your consumers throughout their visit. This user-friendly, robust and flexible solution can be easily adapted to changing business needs and consumer demands, with functionality for order-taking, service, providing further product information, ticket and lottery sales and even self-checkout.

DESIGNED FOR TODAY'S BUSY CONSUMER

The sleek ergonomic design delivers a consistently and reliable experience, yet it's flexible enough to be adapted to changing business needs and consumer demands. Using multi-touch technology, the larger screens are ideal for self-service ordering as well as an attractive advertising space or as a touch point for consumer interactions.

ADAPTABLE AND CUSTOMIZABLE

Built for 24/7 operation, the K-two kiosk offers flexible configuration options, making it the perfect kiosk for businesses that demand tailored solutions.

- Choose between a 22" or 27" multi-touchscreen.
- Install it as a stand-alone kiosk or in a back-to-back format.
- Mount it on a stainless steel pole or on a wall.
- Design the interaction area with only the components your consumers need.

A STRATEGIC SOLUTION THAT DELIVERS RESULTS

The K-two meets the demands of your business while delivering the perfect consumer touchpoint:

- Improved consumer service for more consumer satisfaction
- Increased business productivity with options for up selling
- Robust and easy to maintain for optimal availability and reduced total cost of ownership
- Ideal for promotion for further up-selling opportunities
