TELUM
TETRA

The Move/2500 offers a seamless payment experience. A pocket-sized portable terminal, it complies with future security standards.

Highest security

The Move/2500 is PCI-PTS 5.x certified. Its Telium TETRA OS uses the latest cryptographic schemes with future-proof key length.

All payment options

The Move/2500 enables NFC couponing and wallet use cases, in addition to EMV Chip & PIN, swipe and contactless.

Designed for mobility

Designed for indoor and outdoor use, the Move/2500 Portable is a pocket-size and offers extended battery. It is the perfect business companion for merchants.

Guaranteed terminal availability

In a single terminal, the Move/2500 Hybrid comes with wired communication capabilities (Ethernet, PSTN) or wireless (3G, GPRS, Dual SIM) or WiFi. Then it guarantees terminal payment acceptance availability in case of network failures.

Seamless NFC payment

The Move/2500 boosts contactless payment by offering customers a seamless experience through a dedicated card-reader zone and faster transaction flow.

Secure Telium TETRA OS

Backed by 30 years of experience and with its user-friendly interface, the Telium TETRA operating system includes the best security mechanisms embedded to protect transaction privacy and leverages Ingenico's unique portfolio of payment applications.

Eco-designed products

Ingenico Group adheres to a proactive eco-design policy. From design to production and market launch to recycling, we strive to minimize Ingenico's environmental footprint throughout product life cycles.
